

Aqua Aerobics & Group Fitness Studio Class Descriptions

- **Aqua Flow** is the water version of our Mind/Body offerings. Aqua Flow fuses the practices of yoga and Pilates.
- **Aqua HIIT** combines bursts of high energy movements with varying rest periods. Utilizing the water dumbbells and pool noodles, this naturally low-impact class will challenge your stamina and strength.
- **Aqua Rhythm** comfortably tones and strengthens muscles while developing coordination, improving flexibility, and building cardiovascular stamina.
- **Barre** Low impact movements are combined with high repetitions to energize your entire body, creating long, lean and powerful muscles.
- **Barrelates** unifies the practice of Barre with the practice of Pilates. Barrelates will help improve your posture and increase your flexibility.
- **Cardio Barre** is a high intensity but low impact version of Barre. With high repetitions, fast paced tempos and wider range of motion – Cardio Barre will leave you sweating and feeling strong!
- **Chair Conditioning** is specifically designed for active aging populations and those new to exercise. This class will help participants complete their activities of daily living by training the body to move in all directions, improve balance, and increase strength and flexibility. [Please note that new participants are encouraged to book the Chair Conditioning Fundamentals class before booking an Advanced Chair Conditioning Class.](#)
- **Core Power** is designed to build core muscle groups while improving posture through a variety of exercises that strengthen the abdomen and back muscles and increase flexibility.
- **Fit for Life** is a low impact interval training class that fuses cardio, strength and balance. This class is perfect for active agers and those new to exercise.
- **HIIT Threat** will challenge your mind and body as our energetic coaches push you to find new levels of strength, cardio and conditioning! For an additional 15 minutes of added core work, check out **HIIT Threat +**
- **Kickboxing Fusion** blends cardio kickboxing with traditional step aerobics into one class for true cardio blitz!
- **Sculpt** is a modern refresh to our traditional **'Muscle Up'** class. Sculpt is a functional strength training class that focuses on compound movements in all planes of motion. Increase strength and total body mobility in Sculpt.
- **Sculpt 30** is an express offering of our staple 'Sculpt' class. Functional compound movements yield effective workouts in a shorter span of time 30. Sculpt 30 is perfect for those with busy schedules and multitaskers.
- **Step Revolution** Great for all fitness levels, Step Revolution is a throwback to the classic step aerobics that helped shape the fitness industry! If you love to dance, then you'll love step revolution!
- **Strictly Strength** Strictly Strength places emphasis on heavy lifting to build muscle through more isolated movements, helping muscles grow. A full body workout that superset muscle groups resulting in 30-minutes of pure power
- **Zumba** is an energizing and internationally recognized aerobic workout that combines fast and slow rhythms, much like other interval- based classes.

Mind/Body Class Descriptions

- **Ashtanga Yoga** participants are led through a sequence of progressive poses that link the movement with the breath. Ashtanga Yoga follows a set sequence of poses that are practiced in each class.
- **Breath & Balance** unlock mobility, promote stability and restore functional movement and breathing patterns that have been lost due to a more sedentary lifestyle.
- **Chair Yoga** is a gentle form of yoga that can be done sitting in a chair or standing on the ground using the chair for support. Benefits include increased balance, strength, flexibility, range of motion and stress reduction.
- **Energy Yoga** is a yoga style with short and intense yoga series allied to Breathwork. Each class is wrapped up with a short form of meditation and relaxation.
- **Fusion Flow** unifies the practice of yoga with the practice of Pilates for a dynamic class to compliment any routine! This format is great for active recovery, injury prevention, or for increasing overall strength and flexibility.
- **Morning Mobility** previously known as 'Flex', Morning Mobility is a guided stretch class that will improve your range of motion and retain free movements in damaged joints. Move better to feel better. Props may be used from time to time.
- **Pure Pilates** allows you to work the deepest layers of core muscles, which help to stabilize and support your spine and pelvis – improving posture, balancing muscle imbalances and increasing overall core strength.
- **Tai Chi** is an ancient form of Chinese exercise consisting of slow, relaxed movements that help develop a sense of balance and harmony between the mind and the body.
- **Vinyasa Flow** mindfully integrates movement with breath. Vinyasa Flow allows participants to explore new movements and balances, providing modifications for all.
